

# Equality, Diversity and Inclusion (EDI) Data and Intelligence

NHS Arden and Greater East Midlands  
NHS Midlands and Lancashire

## Are you lacking robust data to meet your workforce and service user EDI requirements?

We can collate and analyse demographic data to give you the essential insights you need to continually improve your organisational decision-making.

## Invest intelligently and lever the benefits from EDI

- ▶ Focus your EDI efforts on the right area using data and evidence
- ▶ Develop a robust understanding of the needs of your workforce and local population
- ▶ Understand where you have EDI weakness that may present risk
- ▶ Target your work to tackle health inequality more effectively
- ▶ Rest your decision-making on solid EDI foundations
- ▶ Plan and deliver accessible, fair and inclusive services.

## What makes us great

- ▶ Skilled in developing EDI data for evidence-based decision-making
- ▶ Practised in using data to enable organisations to demonstrate statutory and regulatory compliance
- ▶ Expertise that enables us to pinpoint the specific health inequalities you need to target
- ▶ We 'de-mystify' complex data and information to provide you with the headlines
- ▶ Ability to work on complex 'at scale' transformation programmes
- ▶ We are an NHS organisation committed to public service values.

## What's included

- ▶ Comprehensive data collection, collation and analysis
- ▶ Bespoke reporting
- ▶ 'At scale' insightful conclusions and recommendations to strengthen your EDI approach
- ▶ Multi-method presentation to engage your audiences with the data
- ▶ Legal compliance advice.
