

NIVS Communication 29 August 2024

Dear NIVS Providers

Please disseminate the below communications to all in your organisation who use NIVS for entering COVID-19 vaccinations.

NIVS will be unavailable Thursday 29th August between 22:00 and 23:30 to allow the following change to be implemented.

Change to Care Model

On instruction of NHS England, NIVS have amended the Care Model dropdown that presents when you log into NIVS.

The option Residential Facility has been added (highlighted below)

The screenshot shows the NIVS web interface. At the top, there is a navigation bar with links: NIVS, Immunisation Status, Patients, Batches, Pre-screenings, Schools, Reports, Vaccinator Location, and Users. The main content area is titled 'Vaccinator Location'. A yellow banner reads: 'Please confirm the Vaccinator Organisation, Vaccination Geo Site and Care Model before proceeding with vaccinations.' Below this, there are two dropdown menus: 'Vaccinator Organisation' (set to 'Essex University Partnership Trust (EPUT)') and 'Vaccination Geo Site' (set to 'CHELFORD COURT'). The 'Care Model' dropdown is open, showing a list of options: '-- Please Select --', '-- Please Select --', Hospital Hub, Vaccination Centre, Care Home, Residential Facility (highlighted in yellow), Home Of Housebound Patient, and Off-site Outreach Event.

Kind regards,

National Immunisation & Vaccination System Support Team
